CIRCULAR

It is said accidents do not happen but they are reported. It has been recently reported that some resident in DAE quarter had kept the diya lit/oil lamp burning allowing it to self extinguish when no one was available in the flat which has resulted in serious damage to the Government property. Such incidences apart from causing damage to Government Property may also cause serious injury to individuals.

In order to avoid such fire incidences in future in Anushaktinagar Township/DAE residences, all the allottees of departmental accommodation are requested/advised to ensure that the diya’s/oil lamp/incense sticks etc; may be extinguished before leaving their residence from safety point of view.

Allottees of all DAE colonies in Mumbai - through respective maintenance unit for display/wide publicity.
