BRIEF REPORT ON INAUGURATION AND UPLOADING OF "SPECIFICATION FOR PUBLIC HEALTH ENGINEERING WORKS – 2023"

The departmental "Specifications for Public Health Engineering Works – 2023" document was unveiled by Shri K. Mahapatra, Director DCSEM, alongside Shri. K. Shivprakasha, Chief Engineer (C2), Shri. A. S. Yadav, Chief Engineer (ESG), Shri Rajiv Nayan, Head (PCD), Shri D. Sengupta, Head (MD), and other esteemed officers from DCSEM.

Following the unveiling, the Specification Book was uploaded and made public onto the DCSEM website, in a digital format, by Shri K. Mahapatra, Director DCSEM. This move was aimed at making it accessible for use by DCSEM members and other interested parties.

Originally published in April 2008, the DCSEM Specifications for Public Health Engineering Works have been continually employed, accommodating additional specifications based on work requirements and available market materials. However, the PH Design section of DCSEM has recently revised and updated the PH specifications as guided by senior officers, and they have been made accessible since December 1, 2023.
